

Juror # 10

I don't understand you people. How can you believe this kid is innocent?

Look, you know how those people lie. I don't have to tell you. They don't know what the truth is. And let me tell you, they don't need any real big reason to kill someone, either. You know, they get drunk, and bang, someone's lying in the gutter.

Nobody's blaming them. That's how they are. You know what I mean? Violent! Human life don't mean as much to them as it does to us. Hey, where are you all going? Look, these people're drinking and fighting all the time, and if somebody gets killed, so somebody gets killed. They don't care.

Oh, sure there are some good things about them, too. Look, I'm the first to say that. I've known a few who were pretty decent, but that's the exception. Most of them, it's like they have no feelings. They can do anything.

I'm speaking my piece, and you---listen to me! They're no good. There's not a one of 'em who's any good. We better watch out. Take it from me.
