

Juror # 5

I've seen knife fights everywhere when I was growing up. In my backyard. On my stoop. In the vacant lot across the street. Too many of them. Switch knives came with the neighborhood where I lived. Funny that I didn't think of it before. I guess you try to forget those things. Anyone who's ever used a switch knife would never have stabbed downward. You don't handle a switch knife that way. You use it underhanded.

I suppose it's conceivable that he could have made the wound, but it's not likely, not if he'd ever had any experience with switch knives, and we know that the kid had a lot of experience with switch knives.
